### *SensAbilities Camp*

- Program intended for children with sensory processing and motor planning issues
- Skills addressed throughout this experience include self-regulation and sensory modulation, play skills, motor planning, bilateral integration and sequencing, and socialization.
- Held in a sensory gym with plenty of opportunities for movement in a small group atmosphere
  - Staffed by Occupational Therapists
- Meets Tuesdays and Thursdays for 4 weeks starting July 7<sup>th</sup> Cost is \$395.00

\* *Please* inquire about our private therapy opportunities for children who require 1:1 services to make progress such as those with *severe* ADHD, autism, cognitive challenges, or behavioral issues.
