

Metro Philadelphia Church Planting Partnership

Saturating Metro Philadelphia, South Jersey and Eastern Pennsylvania with the Gospel and Gospel-Centered Churches

Our Purpose: To promote the saturation of Metro Philadelphia, Eastern Pennsylvania and South Jersey with the Gospel and Gospel-Centered PCA churches through a strategic church planting partnership of presbyteries and churches.

Our Region: Metro Philadelphia Church Planting Partnership includes the City of Philadelphia, the suburban counties of Delaware, Montgomery, Chester and Bucks, the southern half of New Jersey and the eastern edge of Pennsylvania along the Delaware River, and it unites the efforts of four Presbyteries and more than 50 local congregations for the sake of church planting.

Our Desire: To see God bless our cooperation in the Gospel through an outpouring of His Spirit in this region that results in hundreds coming to Jesus Christ for salvation and the planting of dozens of healthy, growing, PCA churches.

Our Coordinator: In January 2005 Bruce Finn was unanimously called to serve as the Church Planting Coordinator and director of the new Church Planting Partnership. He supervises coaching and care for all church planters, gathers resources for a church planting movement and leads the implementation of a strategic plan to saturate the region with the Gospel and Gospel-centered churches.

Bruce R Finn, Church Planting Coordinator
