The Group List

The Group List is a concise list of over a thousand therapy groups in Los Angeles county, edited by a licensed psychologist & certified group psychotherapist. Listed groups are conducted in an outpatient setting, are under the direction of a licensed mental health professional, may be supportive, therapeutic, process, educational, or consultative, are either currently running or in wait-list formation, and may or may not be open to referrals at this time. For easy reference, the list is cross-indexed by group topic, city, and facilitator name.

What is a Certified Group Psychotherapist (CGP)?

"A Certified Group Psychotherapist (CGP) is a clinical mental health professional who meets nationally accepted criteria of education, training, and experience in group psychotherapy. A CGP is an expert in group psychotherapy and an ethical practitioner who is committed to group psychotherapy as an autonomous treatment modality." (American Group Psychotherapy Association)

This list is available via mail or via download from the internet. We have received over 20,000 visits to The Group List since first posted on the internet in 2003; we have received feedback from facilitators that The Group List is generating qualified referrals to their practices. As a courtesy when contacting facilitators, please let them know where you learned about their groups.

Submissions

A free, community service, licensed mental health professionals may list their groups on The Group List whether currently running or in wait-list formation. Submit a brief description or title of each group (up to 40 characters), your name, degrees, license type & number, e-mail address, office address & phone. Only one line in the list is allowed per therapy group. Groups by pre-licensed facilitators must be listed under their licensed supervisor's name and license number. Groups cannot be listed under an organizational name only. Direct any submissions, inquiries, or corrections to and request updates of this list from the list editor. There is never a cost to therapists or prospective group participants for The Group List. The directory is updated every few months. Approximately annually we confirm with all facilitators the accuracy of their listings.
