

Tanglewood Crime Alert – April 2010

On the evening 31 March, Wednesday around 9:30 PM a Tanglewood resident was walking on Beethoven Blvd. when he was approached by three African American teens wearing backpacks.

The teens asked where the resident was from and the resident responded that he lived here and asked the teens where they were from. The teens replied that they were on spring break from California. When the resident turned away he was struck in the back with a jar. When the resident turned back around the teens started moving forward. At that point the resident ran with the teens giving chase. The resident yelled and the teens stopped their pursuit. Luckily the resident is fine and did not require medical attention. The police responded quickly in force but there was no sign of the suspects.

This past week there has been numerous cases of groups of teens coming in to Tanglewood from outside the community. There have been reports of obstructing traffic and loitering. Please! If you see something that doesn't look right, call the police non-emergency number at 301-279-8000. As always call 911 for an actual crime in progress.

Best regards,

Dave Evans
Tanglewood Neighborhood Watch Director
