

**SOLO EXHIBITION OF 郑宏扬 CHANG Hoong Yang**

**GOLDEN BOY**

Grandparents fled from China during the tumultuous 1920s; Yang was born in 1972 in Malaysia, educated in Philadelphia and now lives in Brooklyn.

"To be HONEST to who I am, what I see, how I feel for this world". It is this artistic honesty that finally drove him to create a series of contemporary work which is a fusion of his Chinese ethnicity and American street credo. He reinterpreted nostalgic images into brutal reality by using a mixture of medium such as spray paints and markers.
