

Intern-Mentor Supplemental Seminars

What are they?

Students in Independent Research benefit from having material presented to them in class, and then time to work with that new information. Students in Intern/Mentor often find the same information in their mailboxes without a lot of explanation. At times, that explanation comes in an email, or during a sixth period seminar, but that may not be enough for you to understand what you're being asked to do. For that reason, Supplemental Seminars will be offered during 6th period every quarter to assist students on various topics. The topics of these seminars will be provided at the start of each quarter.

First Quarter Supplemental Seminars:

Wednesday, September 16th –
“Business Letters – Explained!”

Tuesday, October 6th –
“Research Methods –Which should you Choose?”

Monday, October 19th –
“The Research Proposal and Annotated Source List”
