

SPEECHES SPEECHES SPEECHES SPEECHES

Hello ladies and gentlemen—A few words for you regarding marketing speeches/presentations.

1. You should have your presentation written by Thanksgiving break!
2. *IR Students:* You MUST rehearse it **before** you go out and present it in a classroom. Sometime in the last week of November/first week of December would be best!
IM Students: You do not need to rehearse because you have already done a presentation. You do not need to use your visual from the November presentation.
3. Please schedule your presentations any time between December 7 and 18.
4. You are to present two times to two different classes. You may present during your IR/Mentor class period or to a class that you're taking a different period. I will NOT write passes for people to miss their classes for their presentations. I have a list of appropriate classes hanging in my classroom, sorted by class period. **You need to sign your name next to the two classes where you're presenting BEFORE you present so we don't have any overlap.** You should obtain permission from that teacher before presenting.
5. Attached are the assignment details and **TWO** grade sheets. You must give one to each teacher whose class you present to. Ask the teacher to fill it out while you are speaking. Please make sure they time your speech. By filling these out, I will know that you have completed your assignment. You may turn the evaluations in to me or have the teachers return them to me. They are NOT confidential. I will use this grade sheet as points for completing the assignment.
6. This is a 50 point graded assignment based on the evaluations you receive.
7. Any questions—see/ask Dr. Kiehl immediately!
8. Good Luck ☺
