

Brownie Troop 2896 Notes

April 11, 2007

Believe it or not, we're already focusing on wrapping up the activities for the year. We have a couple of patches or try-its where we've completed only part of the activities, so the next few meetings are going to be focused on finishing try-its and patches where we have completed some of the requirements already. Today we worked on wrapping up the requirements for the Water Drop patch and earned the "Water Everywhere" try-it. The girls are bringing home a "personal pollution" checklist to go through with their families; please take some time to complete them over the next few weeks.

QSP magazine sales have started; girls are bringing envelopes home today. They are due back to Cindy Haley by April 30. **NEW THIS YEAR:** Order your subscriptions on the Internet—much faster than ordering on paper because the orders are processed immediately. There are several other changes from last year; please read the packets carefully. Money from magazine sales goes directly to the Girl Scout camps in this area (like Camp Crowell, where we had our Columbus Day cookout).

As I'm writing this, I've just found out that next Tuesday is an early release day. There were a number of activities that we couldn't do without an early release, so I am trying to get something booked for us to do on that afternoon—watch your email (like you haven't had enough of those in the last few days).

Also, **NEXT WEDNESDAY** we have an appointment at LCAC to deliver our cookies collected as "Gift of Caring" donations for anyone who can make it after school. More details to follow—might change it to Tuesday based on the new early release info.

Next meeting: April 13 (Friday night) and April 25 (Wednesday)
