

July 18, 2008

Dear Thomas Bone and the Flower Mound Lady Thunder,

Thank you so much for your support and contribution to the Town of Flower Mound's Community Activity Center. Your participation was extremely valuable to our overall summer programming.

With the building only opening in June, we had little chance to get sports camps up and running. Your group's willingness and cooperation, not to mention the generosity, was much appreciated.

Due to short notice and the growing pains of a new facility, we had precious little time to adequately market the basketball camp. But even with that obstacle, we were able to host 2 great skills camps for young girls in the community.

Thanks again for your loyalty to the Town and specifically for the programming that we would not have been able to host without the Lady Thunder's participation and vision.

Very Sincerely,

A handwritten signature in blue ink that reads 'Jason Brown'.
