Subject: Videotape issue

Pat,

We are not going to pursue the \$38.00 in videotapes which Dean Papa received on an official claim for reimbursement which were actually purchased by Ron Bath. I was holding this issue in abeyance until the satellite card issue was completed. Now that Dean Papa has resigned we are not going to pursue this. Would you mind resolving this issue? Ron Bath has not pursued this because I asked him to hold off for the time being, (quite some time ago). Ron Bath called and asked me about this today. I told him we are not going to pursue this matter and I would ask you about it. Thanks, [REDACTED]
