Dear Karen:

As you may recall, I was told that my US Robotech, Inc. contract to support the NRC IT staff ended December 12, 2000.

I would like to take this opportunity to ask you to please provide me with notification on any and all future job postings for new employees within the IT department of NRC, RIV. Please commence notification as of today, May 11, 2001.

If you would please give me a courtesy email, phone call or land mail I would greatly appreciate it. I have enclosed a self addressed and stamped envelope for your convenience, and provide my contact information, as follows.

 I plan to submit documentation for consideration of the current posting for Computer Specialist at the NRC, RIV. I hope that procedure and policy has been changed in order to prevent "preselection" for IT jobs, as was the situation in the past IT opening.

Please send me an application form, or, the information on how to apply for your position within NRC guidelines.

I look forward to seeing you in the near future.

Regards,

Ron Bath
