Dear Ms. Garde:

Thank you for your March 14, 2001, letter to Chairman Meserve regarding the complaint of Ronney Bath v. U.S. Robotech, Inc. I have confirmed that the NRC Inspector General is investigating Mr. Bath's complaint. When the Inspector General issues his findings in the case, we will review his results to determine the appropriate agency action.

Sincerely,

A handwritten signature in black ink, appearing to read "E. W. Merschoff", written over a faint, illegible typed name.
