Text for website listing:

Flattery Camp returns to the neighborhood to unleash a contagion of flattery. Be flattered and/or join us in the fine art of flattery as the fabulous citizens of Black Rock pass by. We aim for sincerity, originality, humor, and comfort in the shade.

Leave No Trace plan:

After the event we will put aside time and have designated volunteers for the final cleanup. We will take all trash in sealed containers to a landfill on the way home. After cleaning our camp everyone in our camp will devote at least two hours to the general city cleanup. We will leave extra space in every vehicle on the way to the desert, knowing that repacking will inevitably take up more space and ensure that no items can detach during the ride home. We will pack out everything, including any unevaporated gray water and scum. We won't put trash in or around the

port-o-potties. We will help out our neighbors and fellow citizens. We will be Good Neighbors. We will encourage our guests to bring their own beverage containers. We will help out our neighbors. We will adopt the space around our camp. We will help careless or forgetful campers.

Interactivity Description:

We enjoy interacting with passers by and inviting them in to our camp for shade and refreshments. We share and teach the fine art of flattery to anyone willing to give it a try. When done well, it is improvised interactive performance art. It is life-affirming, sincere, and laced with wit, grace and charm. The bottom line is that our playa brothers and sisters after passing by or visiting with Flattery Camp should come away feeling great about themselves.

Comments:

Our camp must face the Man!!

We like the neighborhoods last year we were at 3:15 & Edsel
No corner lots or high traffic areas, please. We need passing bike
and pedestrian traffic to be going at leisurely pace as it is better for
interaction. We need about 200 ft. of street frontage so our flattery
targets have some time in the flattery zone.

Alternative Power:

Solar panels for battery charging

Generators:

No generators
