

# Lab Write up Format

Title of Lab (Top and Center of paper)

I. **Problem**- state as a question.

II. **Hypothesis**- If... then...type of statement (one for each part of the experiment).

III. **Results (Data)**

Any data collected during the lab; charts, tables, graphs, drawings, or ANY other observations.

IV. **Questions**

Answer in complete sentences; Do not have to write out the question. Spelling is important.

V. **Conclusion**

What happened; Why did it happen; Relate to hypothesis; Changes you would make for the next time. Spelling is important.

**PLEASE NOTE: #s 1-3 ARE TO BE COMPLETED AT HOME (BEFORE THE LAB) IF YOU ARE ASKED TO DO A "PRE-LAB"**
