hoped to find a more qualified individual for this important role. Her experience, knowledge and organizational skills are a perfect compliment to her vision for the CSA Cheer program."

"My family and I are excited to be a part of the CSA program," says Ellis. "It's one of the most dynamic and positive youth athletic organizations in the region and we share similar values and ideals when it comes to sports and the important role it plays in children's lives. The families I have talked to so far have been very supportive and the high level of interest clearly indicates the need for Cheer program. The opportunities here at CSA will allow me to establish a successful program that gives area athletes the chance to pursue athletic excellence while making friendships, building self esteem, and learning sportsmanship. I can't wait to get started; this is going to be a great program for Clarksburg families."

Hutto went on to comment, "I am very impressed with Lynn's record as both an outstanding coach and strong advocate of academic performance. Her programs have won numerous national titles and built a solid feeder program for area high school cheer teams. She has judged for highly recognized organizations up and down the east coast from local competitions to major national events. Her certifications include: NYSCA (National Youth Sports Coaches Association) and AACCA (American Association of Cheerleading Coaches and Advisors).

I am confident that her experiences and leadership will translate into a high quality program for CSA families."

The CSA Cheer program will debut this fall 2007.
