Whereas, The Cambridge City Council has passed a resolution honoring The Cambridge Sunshine Foundation's work for Native American Causes! .

Whereas, The opinion poll conducted by the Cambridge Sunshine Foundation sources report that with more than five thousand people polled only two persons were opposed to this honor of a National holiday weekend!

Whereas, the United States initiated reservations to house Native Americans outside the mainstream of this Nation, with consequences of suffering, destruction, and death in great numbers among the indigenous peoples of North America,

Whereas, great Leaders and Seers among the Native American wished to live in Peace, Harmony, and Freedom with the European and British settlers to share the blessings of this Nation among all,

Whereas Americans also recognize with deep gratitude the contributions and sacrifices made by Native Americans to preserve the natural resources of this Nation;

III

And with this and more in mind and soul;

The Cambridge Sunshine Foundation and true people from Europe, Africa, Asia, Australia and elsewhere recognize;

That the first weekend of every Summer Ad Infinitum is declared A National Holiday weekend in honor of our Native brothers and sisters!  
The First Real Thanksgiving with our Native Brothers and Sisters
