### Puppy Mills

Our beloved dachshunds are one of many breeds both large and small that suffer every day in puppy mills. Dogs in mills live in cramped, filthy conditions with no medical care and barely enough food and water to survive. They are nothing but breeding machines to the puppy mill owners, just a source of money. We look at our pet dachshunds and wonder how on earth someone could think of them as nothing but a money maker, but unfortunately thousands of dogs still suffer every day. Coast to Coast Dachshund Rescue will be attending Puppy Mill Awareness Day in Intercourse, (Lancaster County) ,PA on 9/19/09 and we hope you can join us. Lancaster county PA has the highest concentration of puppy mills on the east coast, which is why the largest anti-puppy mill rally in the country will be held there. For more information about Puppy Mill Awareness Day, please see their website at [www.awarenessday.org](http://www.awarenessday.org).
